Dear Aileen

On behalf of everyone at Beatson Cancer Charity thank you and your colleagues at the Glasgow Bar Association for your generous donation of £814.60 raised from your recent quiz night in memory of your colleague and friend, Stephen Semple. We very much appreciate your ongoing support and over the years you have raised an outstanding £3,701.60 in Stephen's memory, which is so thoughtful.

It's thanks to your continued support that allows us to continue to invest in services, staff, research and education to provide a better future for those affected by cancer. We aim to make the journey easier by transforming the way patients are cared for and the way treatment is funded. Whether it is in the hospital ward, or within the community, we believe no one in Scotland should experience cancer without care, without love and without hope. We are with patients and their families whenever they need us.

Amongst patients and the wider community, we are best known for our award-winning Wellbeing Centre and specialist support at The Beatson West of Scotland Cancer Centre and across hospitals in five health boards in the west of Scotland. Meanwhile, clinical and research professionals recognise our ongoing commitment to providing more effective wellbeing and medical services, funding additional specialist staff and supporting world-leading cancer research and education.

We would be delighted to welcome you to The Beatson to give us the opportunity of thanking you personally for your support but also to show you round the facilities funded by the charity and by your donation. Should this be of interest to you, please let us know.

Thank you once again for being with us and we look forward to hearing from you.

Yours sincerely

Joyce Ross
Corporate Partnerships Manager

We're with you
